

A lifeline to behavioral health services for student well-being and success.

School-Based Screening + Referral Services

The Renton Student Health Hub connects your student to behavioral health services that support their well-being inside and outside of the classroom.

Students take an optional survey to assess socio-emotional and substance abuse issues they may be experiencing. They'll be invited to talk with the school counselor about their survey responses and any other concerns.

Smart-matching with a provider

Students who need additional help may be referred to a youth-focused behavioral health provider that partners with the Student Health Hub. Your student's information always remains **secure and confidential**.

Benefits of the Student Health Hub

Efficient: Quickly matches your student with an appropriate provider in less than a week.

Secure: Protects your student's personal health information through a HIPAA/FERPA compliant system.

Accessible: Accepts Medicaid

Get access to:

- Individual Counseling
- Family Counseling
- Domestic Violence/Gender-Based Violence Support
- Case Management
- Medication Management
- Substance Use Disorder Support

Together, we can promote behavioral health and wellness to help students thrive!
