

Renton Student Health Hub 2025 Q4 Quarterly Report

OCTOBER - DECEMBER 2025

Supporting student well-being in Renton, Washington

SCREENING | BRIEF INTERVENTION | REFERRAL TO TREATMENT

In Q4 2025, we rolled out new Hub Housing Services—eviction prevention and rapid re-housing—to all 26 district schools, ensuring every student has access to critical stability supports. Since launching in January 2024, the Hub has screened hundreds of students, with nearly half requiring follow-up. Of those seeking additional care, 91% were successfully matched with a provider.

HERE'S A QUICK RECAP OF 2025 Q4

**“Student Health Hub”
launched in all 26 schools.**

949 students screened

for social emotional needs and substance abuse issues using the “Check Yourself” online tool developed by Seattle Children’s Hospital.

47% of students screened required brief intervention

28% yellow flags (*brief intervention*),
20% red flags (*immediate brief intervention*)

* Behavioral health data only. Housing-related services are not included in these fields.

Our priorities for 2026 Q1:

- Pilot new Housing Services to support students and families
- Implement grant-funded projects with technical assistance and oversight
- Complete independent evaluation of the Student Health Hub

“Renton’s Student Health Hub, along with the newer Housing Referral options, have helped streamline and expedite pathways to support students and families. The systems now in place have significantly reduced the time required to make referrals and do the initial outreach to families.”

Renton School Counselor, Renton School District
