

A connection to behavioral health services for student well-being and success.

School-Based Referral Services

The Seattle Student Health Hub connects your student to behavioral health services that support their well-being inside and outside of the classroom.

Smart-matching with a provider

Students or families who request additional help may be referred to a youth-focused behavioral health provider through the Student Health Hub. The Student Health Hub then works to find the best provider to meet the student's individual needs.

Benefits of the Student Health Hub

Efficient: Quickly matches your student with an appropriate provider in less than a week.

Secure: Protects your student's confidential health information through a HIPAA/FERPA compliant system.

Accessible: Accepts Medicaid

Get access to:

- Individual Counseling
- Family Counseling
- Domestic Violence/
Gender-Based Violence Support
- Case Management
- Medication Management
